**Armanino Consulting and Intacct Announce Strategic Client Win:  
Wildfire Interactive**

**SAN RAMON, CALIF., June 14, 2011** — Armanino Consulting today announced that Wildfire Interactive, a Silicon Valley leader in the software as a service (SaaS) space, has contracted with the firm for Intacct financial management consulting engagements. Armanino Consulting teamed with the technology firm to implement the Intacct cloud-based accounting solution in Q2 2011.

Through a strategic sales, marketing and development agreement, Armanino McKenna offers Intacct to a variety of corporate, start-up and nonprofit clients across both its Consulting and Outsourced Financial Management practices. Intacct features award-winning financial management, fund accounting, project accounting and revenue management functionality at a fraction of the cost and risk of traditional financial software. Intacct also includes sophisticated tools for individualizing, extending and integrating the system to precisely match the needs of specific clients. Armanino Consulting leverages Intacct's cloud-based development tools to build repeatable solutions for key industries and to develop entirely new applications that can be marketed and sold to multiple clients.

"Intacct is a great fit for our clients, particularly those in the software and services sectors like Wildfire Interactive," said Matt Armanino, Consulting partner and chief operating officer of Armanino McKenna.
